

# Greasol™ 21-H

Heavy-Duty Degreaser For  
Kitchen Hoods & Hood Filters

## Heavy-Duty

**GREASOL™ 21-H** is a concentrated industrial-strength degreaser specifically formulated for cleaning kitchen hoods, hood filters & hood ventilation system. Designed to tackle the toughest grease, grime, fats & oils, **GREASOL™ 21-H** stands out as the go-to solution for even the most heavily soiled hoods.

- Effectively removes toughest grease, grime, fats & oils
- Highly concentrated formula
- Perfect for ovens, broilers, griddles, fryers, steamers & ranges
- Easy-to-use

### Properties

pH	>12
Color	Yellow Liquid
Fragrance	Clean

### Dilution Chart

	oz/gal	mL/Liter
Light Duty	4 - 6	32 - 48
Medium Duty	10 - 14	80 - 112
Heavy Duty	16 - 64	28 - 512

## Versatile

**GREASOL™ 21-H** is made of unique alkaline builders and surfactants that efficiently remove grease-based soils, burnt food and sugar solids. It can be used to clean ovens, broilers, griddles, fryers, steamers & ranges.

When dealing with tough grease, **GREASOL™ 21-H** can be directly applied or diluted 50%. Caution is advised when using the product in its concentrated form or after dilution. Users should refer to the Safety Data Sheet (SDS) for supplementary safety information.

**DIRECTIONS FOR USE:** Ensure the hood is cool and remove any loose debris. Dilute **GREASOL™ 21-H** as per the condition of the hood. See the dilution chart below. Spray evenly on the hood surface. Allow to sit for a few minutes to penetrate the grease. Use a non-abrasive scrubber or damp cloth to clean the surface. Rinse with water. For larger area use soft wash to clean & remove debris.

### Packaging

Pail 40 lb (18 kg)

Before Cleaning

After Cleaning

Grease Removal

This product is designed exclusively for industrial and institutional use by trained personnel. This product is sold as is and the manufacturer makes no warranty, express or implied, of merchantability, fitness for a particular purpose or otherwise. To determine if this product is safe to use on a surface, always pre-test the product in an inconspicuous area. Refer to SDS for additional safety information.
