

Greasol™ 7

Neutral Heavy-Duty Degreaser Concentrate

Powerful Degreaser

GREASOL™ 7 is a powerful degreaser that removes a wide spectrum of soils. **GREASOL™ 7** emulsifies lubricants, tar, petroleum grease, animal fats, proteins, vegetable oils, soap scum, and more. Its foaming property provides extended contact time, ensuring complete removal of even the toughest grease.

- **Excellent Performance**
- **Neutral Formulation**
- **Removes Wide Spectrum of Soils**
- **Readily Biodegradable**
- **Phosphate-Free**
- **Silica-Free**
- **ECO Friendly & Non Toxic**
- **Non-Mutagenic**
- **Butyl-Free**
- **Non-Caustic**

The Power of 7

In recent years the cleaning trends have shifted to neutral cleaners. These cleaner offer numerous advantages over the extremely acidic or alkaline cleaners. Careful blending of cleaning agents has lead to the development of **GREASOL™ 7**, a neutral heavy duty degreaser. With **GREASOL™ 7** there is a reduced risk of oral, dermal, and inhalation toxicity. If released into the environment, there is a reduced effect on the aquatic plants and marine life.

Versatile & Safe

GREASOL™ 7 can be used on any surface not harmed by water. It is safe to use on metal, floors, walls, tile, plastic, porcelain, and ceramics. It can be used as a heavy degreaser, marine cleaner, parts washer, all-purpose cleaner and more. **GREASOL™ 7** does not contain any caustic soda. It does not leave any slippery residue behind thereby reducing the possibility of slip and fall accidents.
